

Novacorr Trendelenburg Bed

Delivering the best quality and comfort in
health beds across Australia

Trendelenburg Bed

The Novacorr Trendelenburg Bed has been designed to meet the needs of both in care and at home patients. This bed has an adjustable head and leg, height elevation, trendelenburg and anti-trendelenburg. Featuring a padded head and foot board in clients choice of fabric or vinyl.

The bed is available in a range of sizes and can be made to as low as 290mm without a mattress with a huge 410mm range of height. The bed is also available in a bariatric version from 130kg up to 350kg.
